

# GENERAL ASSEMBLY OF NORTH CAROLINA

Session 2013

## Legislative Actuarial Note

**BILL NUMBER:** Senate Bill 783 (First Edition)  
**SHORT TITLE:** Establish Chiropractor Co-Pay Parity.  
**SPONSOR(S):** Senator Hise

**SYSTEM OR PROGRAM AFFECTED:** State Health Plan for Teachers and State Employees (Plan).

**FUNDS AFFECTED:** State General Fund, State Highway Fund, other State employer receipts; premium payments for dependents of active employees and retired employees of State agencies and universities, local public schools and local community colleges; premium payments for coverage's selected by eligible former employees; premium payments for coverage's selected by firefighters, rescue squad workers, members of the National Guard, and certain authorized local governments.

### BILL SUMMARY:

Senate Bill 783 (First Edition) amends G.S. 58-50-30(a3), establishing that an insurer cannot impose a copayment, as a limitation on treatment or level of coverage, for services rendered by a duly licensed chiropractor that is higher than a copayment imposed for services performed by a duly licensed primary care physician for comparable, medically necessary treatment or condition.

The provisions of the bill would apply to the Plan because G.S. 135-48.51 specifies that all the provisions of G.S. 58-50-30 apply to the Plan. The in-network co-pays for primary care and chiropractic visits under the Plan during 2014 are as follows:

Plan:	Traditional 70/30	Enhanced 80/20	Consumer Directed
Primary Care Co-pay:	\$35	\$15 if visiting the physician named during the annual enrollment process; \$30 otherwise	None (deductible and coinsurance apply)
Chiropractic Co-pay:	\$64	\$52	None (deductible and coinsurance apply)

It is unclear if this bill would require the Plan to allow members to name a chiropractor as their provider of primary care during the enrollment process, making them eligible for the \$15 co-pay for services provided by that chiropractor. For purposes of this note, we have assumed that the Plan would not be required to allow this and therefore the \$30 co-pay would apply to chiropractic visits under the Enhanced 80/20 Plan.

**EFFECTIVE DATE:** The bill is effective January 1, 2015 and applies to policies issued on or after that date. For purposes of this note, the change is assumed to first apply to the Plan for the 2015 calendar plan year.

**ESTIMATED IMPACT ON STATE:**

The Segal Company, the actuary for the Plan, and Hartman & Associates, the actuary for the General Assembly, estimate the following increase in the Plan’s paid claims cost by fiscal year:

	The Segal Company	Hartman & Associates
FY 2014-15	\$1.6 million	\$0.8 million
FY 2015-16	\$3.9 million	\$2.1 million

The additional cost impact projected by either consulting actuary would be expected to impact premium contribution rates by an estimated one-tenth of one percent (0.1%) annually.

This estimate only reflects the impact on the Plan and does not include any impact on other health coverage offered within the state.

**ASSUMPTIONS AND METHODOLOGY:** The actuarial analyses used by each respective consulting actuary are on file with the Fiscal Research Division. Copies of each respective consulting actuary's analysis, including assumptions, are also attached to the original copy of this Legislative Actuarial note.

**Summary Information and Data about the Plan**

The Plan administers health benefit coverage for active employees from employing units of State agencies and departments, universities, local public schools, and local community colleges. Eligible retired employees of authorized employing units may also access health benefit coverage under the Plan. Eligible dependents of active and retired employees are authorized to participate in the Plan provided they meet certain requirements. Employees and retired employees of selected local governments and charter schools may also participate in the Plan under certain conditions. Members of fire, rescue squads, and the National Guard may also obtain coverage under the Plan provided they meet certain eligibility criteria.

The State finances the Plan on a self-funded basis and administers benefit coverage under a Preferred Provider Option (PPO) arrangement, with the exception of many Medicare-eligible retirees who are in fully-insured Medicare Advantage plans. The Plan's receipts are derived through premium contributions, investment earnings and other receipts. Premiums for health benefit coverage are paid by (1) employing agencies for active employees, (2) the Retiree Health Benefit Fund for retired employees, and (3) employees and retirees who participate in a plan with a non-zero premium or who elect dependent coverage. Starting in 2014, benefit and premium changes are typically effective at January 1. The Plan's PPO benefit design includes three alternative benefit levels listed below:

- 1) The "Traditional" 70/30 plan that offers higher out-of-pocket requirements in return for lower employee and retiree premiums without needing to complete wellness activities,
- 2) The "Enhanced" 80/20 plan that offers lower out-of-pocket requirements with higher employee and retiree premiums, which can be lowered by completing wellness activities, and
- 3) The Consumer-Directed Health Plan (CDHP) that applies deductibles and co-insurance to all services and offers lower employee and retiree premiums if one completes wellness activities

Medicare-eligible retirees are offered three alternative plans:

- 1) The "Traditional" 70/30 plan as coverage secondary to Medicare for medical services plus a pharmacy benefit plan,

- 2) "Base" Medicare Advantage Prescription Drug Plans (MA-PDPs) from a choice of two carriers, Humana or United Healthcare, that are actuarially equivalent to the "Enhanced" 80/20 Plan and apply in-network out-of-pocket requirements at out-of-network providers
- 3) "Enhanced" MA-PDPs, identical to the "Base" MA-PDPs, except with lower co-pays and higher retiree premiums

The following tables provide a summary of the most common monthly premium rates for the Plan in 2014:

**Active Employees and Non-Medicare Retirees**

Wellness Plans

	Employer Share	Employee/Retiree Share	
		Complete All Wellness Activities *	Complete No Wellness Activities
Enhanced 80/20 Plan	\$448.11	\$13.56	\$63.56
Consumer-Directed Health Plan	\$448.11	\$0.00	\$40.00

Alternate Plan

	Employer Share	Employee/Retiree Share
Traditional 70/30 Plan	\$448.11	\$0.00

\* Members receive credits for each activity. We have shown all or none for simplicity.

**Medicare Retirees**

Medicare Advantage Plans

	Employer Share	Employee/Retiree Share
MA-PDP Base Plan	\$348.25	\$0.00
MA-PDP Enhanced Plan	\$348.25	\$33.00

Alternate Plan

	Employer Share	Employee/Retiree Share
Traditional 70/30 Plan	\$348.25	\$0.00

**Dependents**

	All Dependents are Non-Medicare			One or More Medicare Dependents		
	Enhanced 80/20	CDHP	Traditional 70/30	MA-PDP Base	MA-PDP Enhanced	Traditional 70/30
Employee/Retiree + Children	\$272.80	\$184.60	\$205.12	\$114.50	\$147.50	\$145.94
Employee/Retiree + Spouse	\$628.54	\$475.68	\$528.52	\$114.50	\$147.50	\$383.72
Employee/Retiree + Family	\$666.38	\$506.64	\$562.94	\$229.00	\$295.00	\$418.10

The employer share of premiums for retirees is paid from the Retiree Health Benefit Fund. During FY 2013-14, employers contribute 5.40% of active employee payroll into the Fund. Total contributions for the year are projected to be approximately \$834 million.

**Financial Condition**

**Projected Results for CY 2014 and CY 2015** – The following summarizes projected financial results for 2014 and 2015, based on financial experience through December, 2013 and enrollments for January, 2014. The projection assumes an 8.5% annual claims growth trend, benefit provisions and member-paid premiums as currently adopted by the Board, and assumed premium increases in 2015 based on the maximum annual employer premium for FY 2014-15.

	(\$ millions)	
	Projected CY 2014	Projected CY 2015
Beginning Cash Balance	\$838.4	\$819.9
Receipts:		
Net Premium Collections	\$2,910.7	\$2,996.6
Medicare Part D / EGWP Subsidies	\$36.0	\$38.0

Total	\$2,968.6	\$3,171.2
Net Operating Income (Loss)	(\$18.6)	(\$133.4)

Of the premiums paid in CY 2014, an estimated \$2.0 billion is derived from General Fund sources and an estimated \$0.1 billion is derived from Highway Fund sources.

**Other Information**

Additional assumptions include Medicare benefit “carve-outs,” cost containment strategies including prior approval for certain medical services, utilization of the "Blue Options" provider network, case and disease management for selected medical conditions, mental health case management, coordination of benefits with other payers, a prescription drug benefit manager with manufacturer rebates from formularies, fraud detection, and other authorized actions by the State Treasurer, Executive Administrator, and Board of Trustees to manage the Plan to maintain and improve the Plan's operation and financial condition where possible. Claim cost trends are expected to increase at a rate of 8.5% annually according to the Plan's consulting actuary. The active population is projected to decline by 1% per year and the retired population is projected to increase by 1% per year.
